

First Consult iPhone/iPad App

Access point-of-care content even when no data connection exists.

- Open the App Store icon on your iPhone/iPad
- Search for “First Consult”
- Click “Free” then “Install App”
- Three options will appear – choose option 1 (“I use FirstConsult and know my username”)
- Enter your ClinicalKey username and password and start using the First Consult App!

Create an account in 5 easy steps!

1. Visit ClinicalKey.com.au within your institutional network or IP range.
2. Click on “Register” link.
3. Enter required data – your email address will be your username.
4. Confirm your password by re-entering it.
5. Congratulations! You’ve created a new personal account!
