

Add a ClinicalKey bookmark to your mobile home screen For faster answers on the go!

Just follow these simple steps...

For iOS devices

- Visit www.clinicalkey.com then click the icon that looks like a box with an arrow jumping out of it
- Click 'Add to Home Screen'

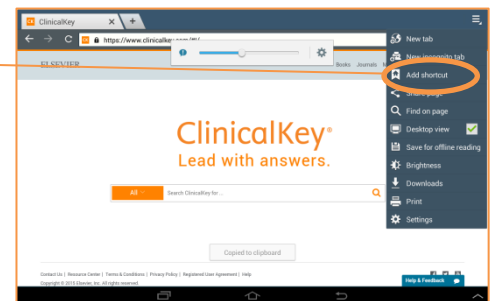

For Android there's two different ways to achieve this.

- Bookmark the page you want to add to a home screen
- Go to the home screen you want to add the link/bookmark to
- Long-press in an empty space to bring up the "Add to Home Screen" menu
- Select "Shortcuts"
- Select "Bookmark"
- Choose the bookmark you've just created

Depending on your device and version of Android, this may work:

- Bookmark the page you want to add to a home screen
- Open the browser "bookmarks" screen
- Long-press the bookmark you want
- Select "Add to Home screen"
